

LOCAL 1004 2020 ELECTION VICE PRESIDENT CANDIDATE

GARY PARKER

Sisters, Brothers, Friends

My name is Gary Parker and I have been a member of Local 1004 for 21 years. I am currently a City of Vancouver (COV) Sewers Sub-Foreman. I am a Shop Steward, member of the 2016 and 2020 COV Bargaining Committee, and Vice President of CUPE 1004 since 2014. As a long time member and activist, and backfill Business Agent, I have fought for 1004 members for over a decade.

I am pleased and honoured to be nominated again for Vice President of CUPE Local 1004, the most progressive union in BC.

Connecting with members, staying connected, and tackling misunderstandings early are the keys to the work I do. I connect with all Local 1004 members, speak your language and know your priorities.

For many years I have served the Local and members by bargaining and enforcement of collective agreements, advocating for worker's rights, injured or ill worker accommodations and WCB claims/appeals.

In closing, I hope that I can have your support to continue this rewarding and valuable work on behalf of our members in the position of Vice President of CUPE Local 1004.

In Solidarity,
Gary Parker
