

CUPE LOCAL 1004 - 2026 ELECTIONS CANDIDATE FOR PRESIDENT

Paul Baratta

I started at The City of Vancouver in October of 1998, in the WaterWorks Department. I have spent the last half of my time here active with the Union. I have spent time as a shop steward, business agent, waterworks chair member, and vice president.

The last 3 contracts I have bargained for our members with The City and Parks Board. Pushing for fairness and equality for all our members.

I firmly believe that the next generation needs the education and mentorship needed to better serve our members. The goal is to set up the next generation to care for our members and leave them with the tools needed to accomplish this. I want to prioritize our members, to make sure everyone is aware of what the Union stands for and why we need a Strong Union.
