

# CUPE LOCAL 1004 - 2026 ELECTIONS CANDIDATE FOR PRESIDENT

## Michael Robinson

I have been a proud 1004 member with Parks for 23 years. In that time, I have been the beneficiary of all of the past hard work and successes that previous union advocates have gained on our behalf. I want to ensure that tradition continues. I have had the privilege of working in the office while we have been under administration and have seen firsthand what the successful governance of a Local looks like. I want to continue to see us not only succeed, but to thrive. With your vote, I give you my assurance that I will tirelessly advocate on behalf of all 1004 members to be treated fairly, respectfully, and equitably.

The year ahead is going to be challenging, and we need people willing to accept that challenge who have the experience necessary to do so. I have:

- been a Steward for 5 years
- been an Acting Business Agent for 2.5 years
- participated in 5 different bargaining tables within 1004
- presented on behalf of 1004 members to City Council regarding the 2026 City Budget.

We are being presented with the opportunity to implement impactful change at 1004. Let's all do our part to make that happen.
